

Information Capsule

+ Your experiences matter! We invite all countries that have not participated in the GEF CReW+ Champions campaign to join and send your stories.

Operational Updates

In *Saint Lucia* we are taking final steps to deliver the Wastewater Guidelines for On-site and Small-scale Treatment Facilities with the support of the Ministry of Agriculture, Fisheries, Food Security and Rural Development.

In *Panama* we are executing workshops with the indigenous Guna Yala community to disseminate the Popular Guide and Good Practices on Water and Sanitation, the workshops are holistic including children and adults.
